Dear Mr President,

Losar Tashi Delek! I send you a traditional Tibetan greeting for Losar, the Tibetan New Year, with my sincere hope that your forthcoming meeting with His Holiness the Dalai Lama will bring meaningful progress towards an end to China's occupation of Tibet.

Losar is traditionally a time for change, hope and renewal. Despite all the suffering and loss in Tibet during the past year, the Losar wish of all of us who love Tibet is that the year of the Iron Tiger will bring many concrete changes to the situation inside Tibet so that, in the future, Tibetans can live in peace and freedom.

I appeal to you to take concrete action to facilitate a just and lasting resolution for the Tibetan people this coming year.
